Commercial

Including office space, business parks & car parks

Why choose onsite spraying

Onsite spraying allows you to improve the appearance of your premises with minimal disruption and for a fraction of the cost of installing new surfaces. We are experts in completing projects whilst premises are still in use and are the first choice for many companies looking to rebrand, refresh or refurbish.

Storage King

The iconic self-storage facility in Wednesbury needed a full rebrand. We executed this large-scale transformation efficiently, safely, and to a high standard, ensuring minimal disruption while creating a strong new brand presence.

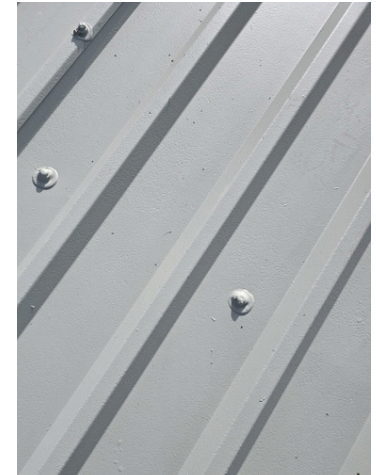

Surface: cladding
Duration: 10 weeks

Retail park

Sprayzone completed the roof refurbishment project for Wincheap Retail Park. The application of the Delcote 25 system effectively addressed delamination and corrosion issues, providing a durable, weather-resistant, and aesthetically improved roof.

Surface: metal roof panels
Duration: 7 weeks

EXAMPLE
PROJECTS

Intumescent spraying of structural steel

The project involved the fire protection of steel columns and beams in a newly constructed industrial unit. The specialist intumescent basecoat used is a low VOC, one coat, high build system that provides up to 120 minutes fire resistance.

Surface: structural steels and beams
Duration: 4 weeks

PAINT AND FINISH OPTIONS

At Sprayzone we have extensive knowledge of spray applied paint systems and are therefore well placed to provide specification advice and technical knowledge on coatings from many of the leading paint manufacturers.

As approved applicators for numerous specialist paint manufacturers we can offer a wide range of high quality coatings and comprehensive specification advice.

Price Promise Guarantee

At Sprayzone, we're not just confident in the quality of our coating services – we're confident in our pricing too. That's why we offer our Price Promise Guarantee on all our quotations.

What does this mean for you?

Simply put, if you've received a lower quote for a like-for-like project elsewhere, we want to hear about it! Our Price Promise means we will endeavour to beat any comparable quotation by a minimum of 2.5%.

HOW TO ARRANGE YOUR PROJECT

Get in touch

Contact us at sales@sprayzone.co.uk or on 023 8070 4238 and we'll ask for some initial details.

Free site survey

We recommend completing a survey to determine existing condition, access requirements & quantities. This is free & there is no obligation to proceed.

Quote

We will provide a quote based on the information provided and/or the site survey completed. This will include details of the coating specifications, project duration and lead time.

Questions or adjustments

Our friendly team are ready and happy to help answer any questions – either via email, phone or we can meet to discuss the project on site.

If you need to discuss how we can adjust our proposal to fit your budget, we're happy to talk through your project in more detail and work with you to agree a specification and programme that is exactly what you want.

Getting started

Let us know you would like to proceed and our team will guide you through the next steps.

Why choose Sprayzone?

We are experts in commercial spray painting and have been completing on-site spraying projects for 25 years. This means that we've completed more than 20,000 spraying contracts throughout the UK.

We work with companies big and small, have delivered several 100+ site roll-out programmes, worked for virtually every retailer in the country and carried out spraying projects in supermarkets, offices, warehouses, shopping centres, and car dealerships, to name a few.

WHY
CHOOSE
SPRAYZONE

"Fantastic company who I have used on many projects. I can wholeheartedly recommend them as a first class partner that delivers every time."
